U13.28 RESIDENCE CUSTOMER REFERRAL PROGRAM

U13.28.1 Terms and Conditions

- a. Existing residence customers may be eligible for a one-time \$50 bill credit when they submit a referral via the Company's Internet website that results in the establishment of a new customer account for service that includes residential local exchange service. This one-time \$50 bill credit will be applied to the referring customer's account within sixty days after the Company has confirmed that the referred customer has established a new customer account for service that included a residential access line. This bill credit is limited to one bill credit per customer referral and unused credits will roll over to future months. Each customer is limited to a maximum of \$600 in referral credits per calendar year.
- b. New residence customers may be eligible for a \$10 bill credit for six consecutive months. To be eligible, the Company has to confirm that the referred customer has established a new customer account for service that includes residential local exchange service. The \$10 bill credits will be applied to the referred customer's account during each of the referred customer's first six bill cycles with the Company. If the referred customer discontinues the local exchange service prior to the end of the six month period, no additional credits will be applied although the referred customer will not be required to refund the Company for previously acquired bill credits.
